Dedication

An ideal teacher is one of many characteristics. Besides being an effective teacher, he is also a leader and even more a friend. Because of your sympathetic understanding and good sportsmanship; because of your inspiring leadership and guidance throughout our high school years; and because you are "just you", we, the 1953 Seniors, dedicate this annual to DAVID HARKRIDER.

Shirley,

You have really proved to me, you are made out of the real stuff. You're a mighty sweet girl. Thanks for everything.
D. Harkrider

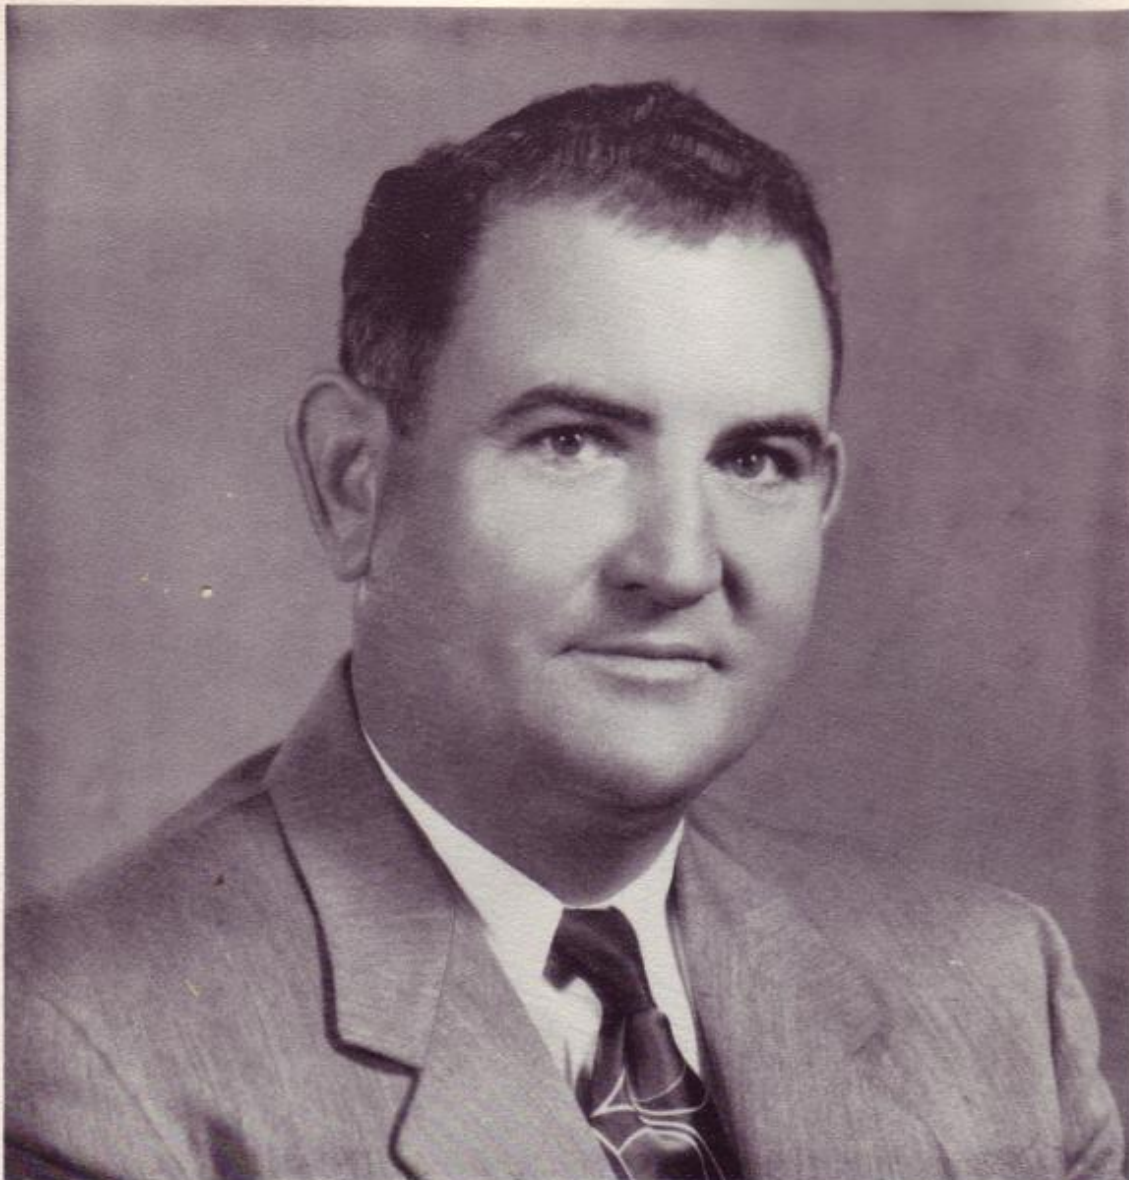

Shirley:

Shirley's ever ready smile, sweet ways, outstanding personality, and sparkling blue eyes make her our all around favorite.

Shirley Williams

Because Roy is all out for everything from football to studies, he tops our all-around list.

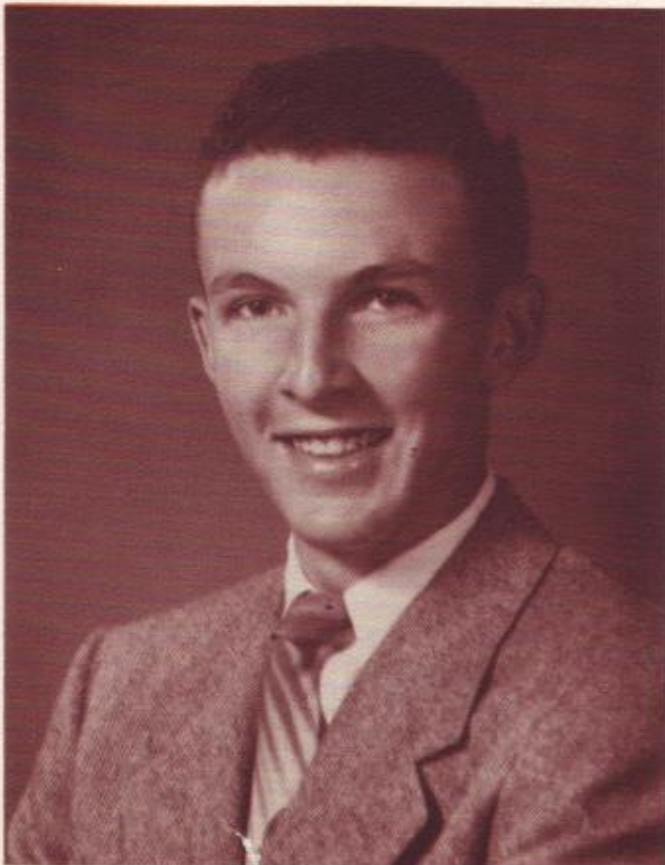

Roy Walker

Most Studious

Betty makes herself useful in the library, the Annual Staff, and National Honor Society and still has time to make A's and enjoy her many friends.

Betty Jo Jordan

Preston's personality plus his ability to make A's places him on top of our most studious list.

Preston

Preston Reeves

Most Athletic

Melba's perpetual vitality, fair play, and love of sports rank her highest in girls' athletics.

Melba Rigby

Being outstanding in football, basketball, and track, plus his belief in good sportsmanship make Jack our most athletic boy.

Jack Thomas

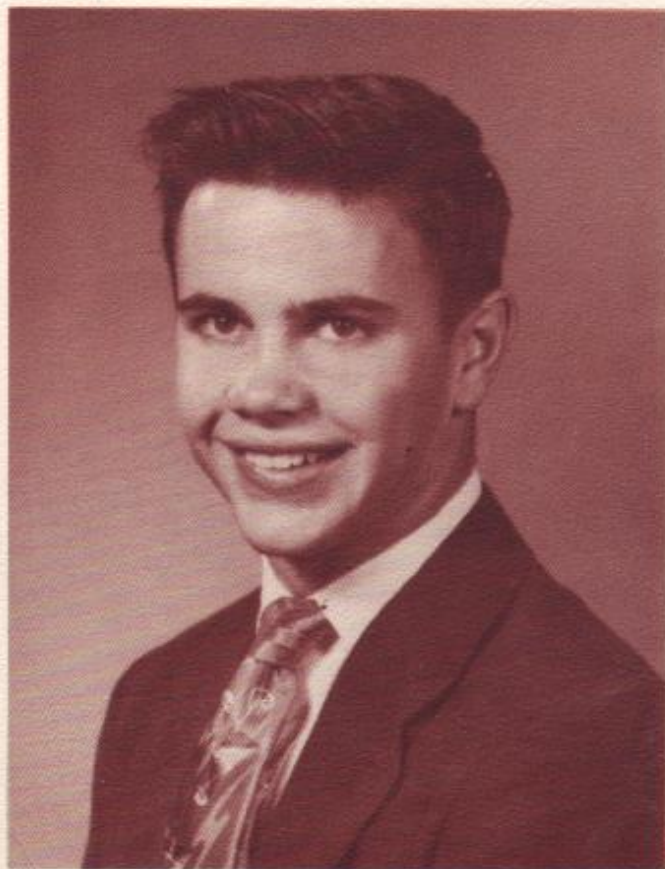

Most Friendly

Frankie's unusual personality, friendly smiles and everlasting energy have placed her high in the heart of everyone.

*Dear Shirley,
The band had
lots of fun together
all these years. Now
even though our lives
are going separate directions
I hope we can still be friends.
You know I think you're awfully
sweet! I wish you did all
the happiness you deserve!
Love a lot. I love you
Frankie*

Dear Shirley
 you'll never
 know how much
 your friendship has
 meant to me. I just hope
 you will always be friends!
 and I love you to pieces
 I sure hope you have as much
 fun and happiness at college
 as we have had in high school.
 If you ever need anything
 know I'm not for anything.
 With all my love

SPORTS

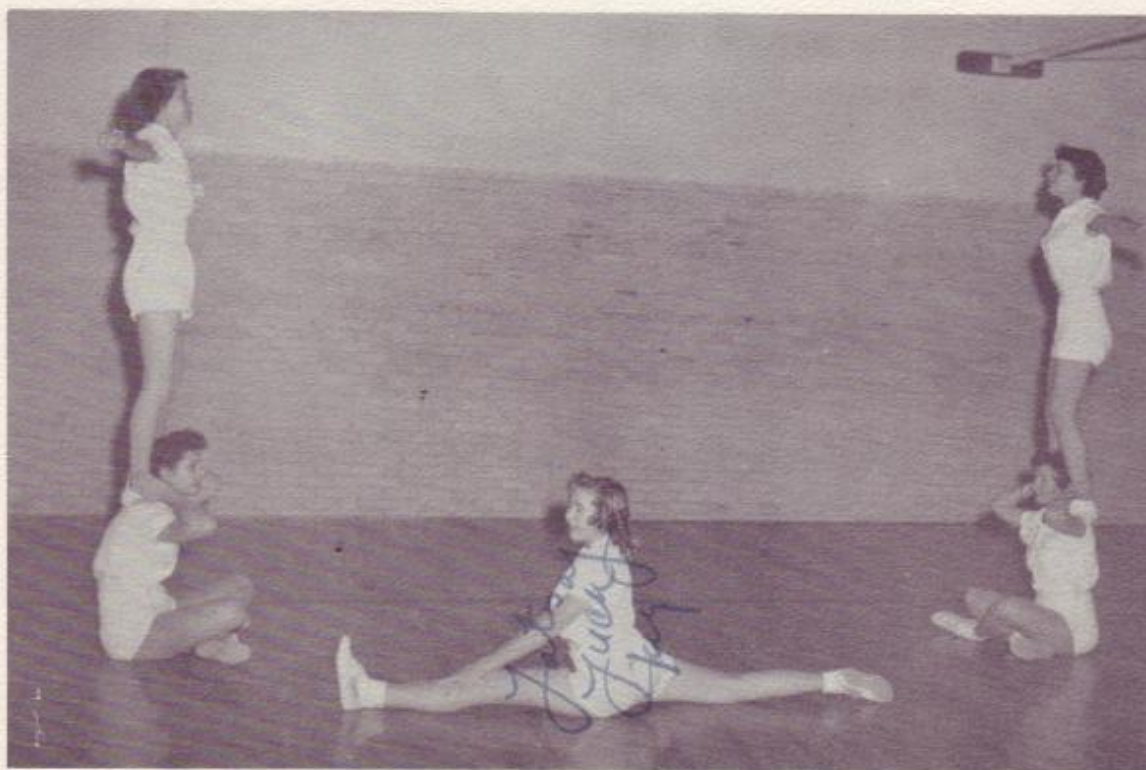

Girls' Sports

Miss Miriam Moore, one of our most well-liked teachers, has done much to advance girls' sports at Handley. Through her guidance the girls have learned how to play the games and have learned sportsmanship as well.

Tumbling

Basketball

Tennis

Soccer

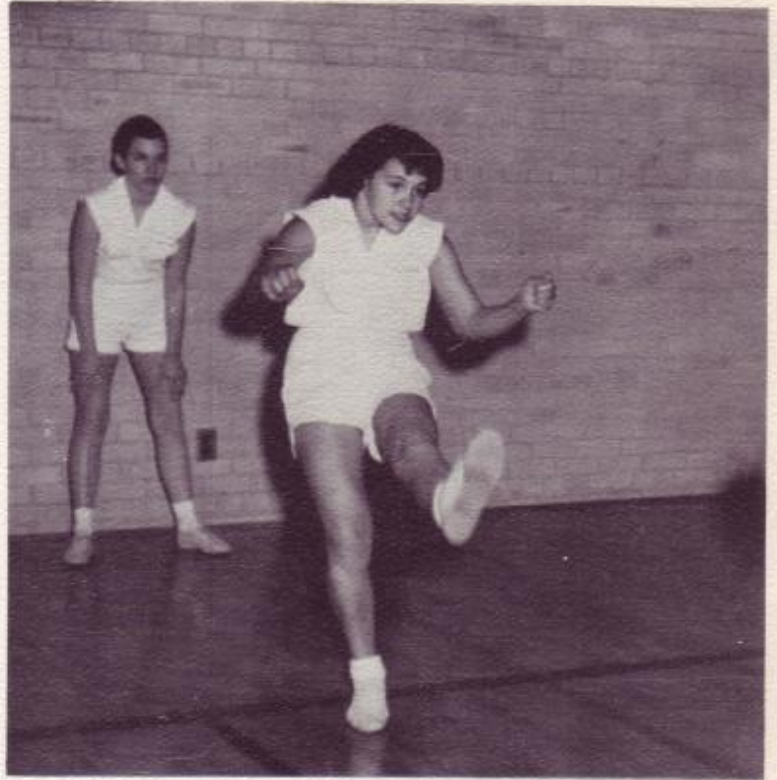

The senior high school girls sponsored a clinic in volleyball with the other Fort Worth high schools co-operating. Volleyball is one of the favorite sports in which the girls of the physical education department participate. This is just another one of the enjoyments received from our new gym facilities.

Softball

Soccer Baseball

An inter-mural contest was held in soccer baseball, one of the more active and invigorating sports in the girls' physical education program. The teams were made up of both junior and senior high school girls, determined by the period at which they took physical education.

Managers

The Greyhound managers, Bobby Crump and John Jahrens served the squad faithfully and well. Bobby, the kid with the big smile and a bigger heart, just wasn't built for football and John, a promising athlete, were one part of the gridiron clan that deserve a big WELL DONE.

Handley's Greyhounds launched what looked like a great season with an easy 32-6 walloping of Decatur's Eagles. The visitors rolled to a 26-0 halftime lead and simply coasted in. Jones, Polk, and Hoover marked up the TDs while Bruce Miers added the points after.

A rude awakening shook the 'Hounds when they left the field after being short changed by Jacksboro. Handley backs, who looked slick the week before, couldn't shake that old Jacksboro line. The Handley line appeared to be more like an old sieve. Barnett looked at defensive half for HHS. Handley 0 -- Mineral Wells 20

Digging hard to come back after their loss at Tiger Land the Purple and Whites tied into Dallas Hillcrest in a real thriller.

Jones let an enemy end snag a pass behind him and the next play made it 7-0. Trying with all his might to make up for his mistake Jones returned the compliment in the 3rd period; the point after was blocked. Final: 7-6 Hillcrest.

Finally the Handleys got mad at the expense of Birdville, an old and bitter rival. This was a night that was all Handley. Travis took things in hand and scored all three touchdowns in a 20-7 victory that had the Buffaloes wishing they had just stayed in bed.

The Greyhounds were now fighting to keep the faint spark that was their title hopes alive. The 'Hounds had Arlington mystified with a switch to the old fashioned single wing and moved fast and often during the first half but were stopped cold in the 2nd, while the Colts were pushing over two tallies to give them the 14-0 nod.

They next bumped into and were knocked flat by the eventual District Champs, Mineral Wells. Spearheaded by fleet Tony Munger the Mountaineers gained a 6-0 halftime lead. The Hounds came back full of fight, but when what would have been the tying score by Jack Thomas was called back, the fire dimmed to a flicker and MW counted twice to make it 20-0.

HHS broke into the winner's circle for a 3rd time with an easy win over some outclassed but hard fighting Bears from Brewer. The first line 'Hounds left the game shortly after the beginning of the 2nd period.

Two Handley subs caught the crowd's fancy, and did well in their brief moment of glory. They were Doyle Lee and John Peters.

The 1952 grid season came to close with the annual HHS-Diamond Hill scrap. It was nip and tuck all the way. Bobby Leach went over late in the first period to make it 7-0 Handley. The Eagles evened it up on the last play of the 1st half and added another 6 minutes deep in the final stanza and thats the way it ended: 14-7 Diamond Hill.

Prophecy

The Annual Staff recently called upon the Great Swami, Madam Shenosit to get an insight into the future of the 1953 Seniors. The following account was written as they made the visit: It is extremely interesting to sit in the presence of Madam Shenosit and see the familiar faces of our beloved Seniors passing across the face of the mystical crystal ball. One of the first faces seen is that of Fred Absher, who is Hollywood's most romantic actor of 1963. . . . Others from the '53 class in the movie field are Joy Darnell who has replaced Linda Darnell and Bettie Ward the new star of three dimension movies replacing Marilyn Monroe.

Television has been fortunate enough to land some of H.H.S.'s greatest including Winnie Bratcher whose new record "I Love You Honey but I Love Your Money Better" has just sold two million copies. Recently Sandra Hammontree took over the "My Friend Irma" show and changed its name to "Your Enemy Sandy." Seen on the New York Stage for the last two years is the great comedy team The Miller Bros. starring Troy and Leroy.

Paul Jones and Jowell Lee are both in the major leagues. Paul is the star right fielder of the Boston Red Sox while Jowell, who was rookie of the year in 1958 is now playing under another former Handley student Bobby Crump, manager of the Brooklyn Dodgers. (There is a rumor that the Dodgers will soon be the Brooklyn Crumpstein-burgers.) Another former member of the '53 class who is in the sports field is Bubba Gooch, wrestling promoter in St. Louis, two of his star attractions are the Teague brothers, "Judo" James and "Dirty" Don.

What's this? Two faces at once in the crystal ball! No, it's only the Barnett Hospital where Gene is the head doctor and his wife, the former Frankie Latimer, is receptionist. Also in the field of medicine are Jeanette Jack, a doctor in New Orleans. All these great doctors receive their drugs from Gaylon Rogers, owner of the chain of "Rogers Wreck-All Drugs." Is this a cow in the future of the H.H.S. class??? No, it's only David Gwinn "horse doctor" in the growing city of John T. White.

Suddenly from the far reaches of Africa comes the cry of another member of the Handley greats! It is Terry Gunter, Geologist, who has just discovered a substance harder than diamond, his head.

In the future of two seniors is the state of Nevada. They are Leon Stokes, professional gambler in Las Vegas and Milton Carter who by replacing Tommy Manville as the world's marrying-man is Reno's most prominent citizen.

Government has taken several of the 1953 graduates including Sidney Landrum, governor of Texas, Barbara Sloan who has replaced Pearl Mesta as ambassador to Luxemburg, Betty Jordon is the head librarian in the Library of Congress, and Roy Walker is a government accountant.

Madam Shenosit says football will be responsible for the success of three H.H.S. grads. Jack Thomas will play pro ball with the Cleveland

Browns while Bruce Miers will kick field goals for the L.A. Rams. She predicted that his longest boot will be a 75 yarder good for three points. Luck is due to greet Jack Hoover as head coach at L.S.U.

Mars suddenly appears on the crystal ball. On the red planet are Harris Walker, who has recently completed a 267 story skyscraper, and Pat Logan, the first universally known gossip editor. Recently her paper conducted a pole to determine the universe's most hen-pecked man and the winner as you may suspect was a Handley ex, Glen Tomamichel. Preston Reeves is the president of the Martin branch of Handley University, which was recently visited by Bobbye Dunn and Shirley Williams, who presented a tennis exhibition and Peggy Gray, champion twirler of the universe.

Some members of the '53 class who are destined to find success, fame, and happiness in the Fort Worth area are John Mathis, owner of the world's largest chinchilla farm, and Wayne Rea, owner of the Coca Cola Bottling Company. Gene Gifford is head electrician at General Motors. Doris Davis is a housewife in Handley. General Motors will be responsible for the income of three other H.H.S. '53 grads. They are Weldon Lotspeich, who with his wife, the former Melba Rigby, own controlling stock in the Cadillac corporation, and Hugh Blair designs automobiles for Buick.

Oil has been responsible for the success of three more members of the 1953 class. These are Howard and Kenneth Taylor of the Humble Oil Company and their chief competitor Roy Manly.

Great creative ability has been shown by several members of this year's class, including Dura McClaren, fashion designer, Billy Winter, interior decorator, and Wayne Carroll who has just designed and constructed a machine to calculate the number of drops of water in the ocean.

The southern belles of the South in 1968 are Iris Fiorenza, owner of a shipping company in New Orleans, Patsy Bratchy, social leader in Atlanta, and Elizabeth Nalley, model in Palm Springs.

Flash! Report from the Bachelors' Club of America. Their new president is the great composer Bill Boswell.

Military life has taken its toll of some Handley men. The two most prominent admirals in the U. S. Navy are Richard Marple and Sam McMahon. Floyd Rutledge is a government television operator for trans-universal messages. Tommy Stanfield is an army courier and Carl Aarons wires the firing apparatus for Hydrogen Bombs, which Clyde Goodson delivers to various places.

Madam Shenosit gave some additional information concerning the friends of the 1953 Senior Class. She said Miss Odell would become head of the English department at the University of Texas. Mrs. Gunn is destined to conduct a school of cooking for the world's greatest chefs. The year 1964 will find Mr. Harkrider employed at two jobs; one is Superintendent of the Fort Worth Public School System and the other is teaching algebra to his six children.
